Keating Is Said To Be Defaulter

Deputy United States Clerk Said to be Held in California for Embezzlement

GAMBLE CONCERT PARTY COMING

Montgomery, Ala., Jan. 19.—(Special)—Michael Keating, Deputy United States Clerk in this city, who disappeared a few days before Christmas, is reported to have been arrested in Los Angeles, Cal., charged with embezzling \$12,000 from the court at this place.

No confirmation of the arrest has been received in Montgomery, and the authorities will not discuss the reported embezzlement.

Keating was well known in Dothan, where his official duties brought him at times.

Mrs. G. H. Malone, assisted by others, will have a "street fair" at her home one night next week for the benefit of her Calendar Month, January. The exact date will be announced in tomorrow's paper. Look out for a notice each day about the various "attractions."

THE CRITERION

The management of this place of amusement will improve their matinees after this week by adding to the programs, violin and piano music.

The orchestra at night has proven a good investment and they have employed talented musicians for the orchestra.

One of the greatest features of the lyceum attractions that are to be given in Dothan, is the one to be given by the Gamble Concert Party on the night of Jan. 23rd Monday. This company of artists came to Dothan highly recommended and with a complete novel attraction. The class made no mistake in securing this one attraction for the people of Dothan, for it is one of the best cities in the South. This is one of the unusual high price attractions and the class asks the support of the people of Dothan to come out and help them. They want to come out even on the course of attractions and to do this the people will have to come forward and patronize the attractions that are to be offered. The seats will be on sale Monday morning and a special price is to be made the school children for the house must be packed Monday night.

DELINQUENT TAX ASSESSMENT NOTICE

Notice is hereby given that your assessment for 1911 is delinquent and unless payment is received for assessment by February 1, 10 per cent penalty will be added according to Section 2117 of the Revenue Code.

WEAPONS ARE FOUND IN CELL

Four-Bladed Knife and Spoon Made Into Weapon Taken From Murderer in Mobile, Jail.

Mobile, Alabama, Jan. 18.—A thorough and systematic search of the county jail was made this morning by the new officials and in the cell of Bill Walker found a four-bladed knife and a spoon which had been sharpened down until it would answer readily for a knife. How these came into the cell is not known but it was thought they were secreted in food sent the negro and which escaped the vigilant eyes of the officers in charge at the time.

Jailor John T. Brown has made arrangements for the baptizing of John Bell, the condemned negro murderer, this to take place on next Thursday. After being baptized Bell will be placed in the condemned cell.

MISSIONARY SOCIETY

The Woman's Missionary Society of the First Baptist Church will meet next Monday afternoon at 2:30 o'clock. Mrs. Cherry, assisted by Mrs. Battle, Mrs. Lew Crawford, Mrs. Chapman, and Mrs. A. C. Crawford will conduct the meeting.

Subject for discussion will be "Home Missions." This committee have taken pains to prepare an interesting program and it is very much desired that every member be present. At the close of the meeting the constitution and by laws will be read and dues for the year will be called for.

It was decided at the last meeting of the society to cancel all back dues of the members and let the dues for the year be only one dollar, provided the members pay during this month, for the entire year.

Let everyone remember this and bring a dollar for dues, before this month is gone.

DIED SMOKING A CIGARETTE

Wounded Man Calmly Converted of His Approaching End Before Succumbing in New Orleans Hospital

New Orleans, La., Jan. 18.—Calmly smoking a cigarette and chatting with physician while he knew that his end was rapidly approaching, Robert C. Pitts, hit yesterday at the Charity Hospital, succumbed to injuries received by being ground beneath the wheels of a railroad train.

Pitts was a discharged soldier and was heading his way to his home in Winston-Salem, N. C., after having just recovered from an attack of fever in Texas. Wounded by the fever, Pitts fell from the car he was riding and his limbs were mangled by the wheels.

When told that he must die within a few minutes the man asked for a cigarette, lighted it and smilingly conversed of his approaching end. He died with the cigarette in his lips.

I was so lame in my feet, joints, and back that it was agony for me to step. I used Foley Kidney Pills for three days when I was able to get up and move about and the pains were all gone. KANSAS WOMAN HELPLESS

Lawrence, Kas.—Mr. J. P. Stone, of this city, says: My wife suffered for ten years from womanly troubles during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardul, and since then has greatly improved in health. The tonic strengthening and restorative effects of Cardul the woman's tonic on the womanly constitution are the most valuable qualities of this popular medicine. Cardul acts specifically on the womanly constitution. Half a century of success proves that Cardul will do all that is claimed for it. Try it for your trouble. 12 Smith

MAYOR GIVES THEM CHANCE TO ENFORCE PROHIBITION LAWS

Knoxville, Tenn., Jan. 18.—A special to The Sentinel from Canton, N. C., says Mayor Curtis, of Canton, has turned the control of the town over to anti-saloon advocates, asking them to demonstrate how the North Carolina prohibition laws can be enforced.

He has cited two ministers and a number of laymen to appear before him and be sworn in as special policemen. This action is a sequel to a strong prohibition lecture delivered by Federal Judge J. C. Pritchard, formerly a United States Senator and the influence of a stirring revival conducted by Rev. George C. Gates, an evangelist, who was recently ejected from a Southern Railway train because he had mileage but no ticket.

Mrs. H. A. Blount returned last night from a visit to Birmingham.

Any man with money behind him can be full of nerve, thinks the Atlanta Journal, but some manage to keep a good grade without it.

We have been having better weather during this month than many sections of country have during the entire year. The weather man is growing more popular than ever before.

The latest news item that comes from Atlanta is the report that Editor Gray, of The Atlanta Journal, has been indicted by the federal grand jury for conspiring to defraud the government out of postage on his paper. The papers of Atlanta placed small value on the announcement as a news item.

J. Lee Long's friends forget that there are men in every county who feel that they have the same right to be boomed for governor that Mr. Long has. Then he is a young man, comparatively, and has a long time ahead of him and can afford to wait. We have older men who haven't been served yet.

Our children will hardly know whether it was Peary or Cook that faked the people, so soon do we forget the great.

The state of Georgia has on foot a movement to raise their teachers' salaries from \$35 to \$40 a month. The Empire State of the South is doing a reckless thing and the Atlanta papers ought to be ashamed to publish to the world a schedule of the salaries the state pays its teachers.

Butler county, something like one spoken of for this county. It was to give a third to the general school fund, a third to good roads and a third to the town in which the dispensary was conducted.

No one has said what Butler wants in the way of wetness. The county may not want saloons, either, and in that case, we suppose it ought to have the right to remain reasonably dry.

The hookworm disease can be treated in Houston county now without cost. The dispensary has been established and a competent man put in charge of the work. Probably if the treatment was advertised to cost \$100 there would be more patients knocking for admission, but when people get treatment for nothing, they have their doubts as to whether they need it. In a few years some of the patent medicine folks will be advertising treatment at a dollar a bottle, guaranteed to cure after taking six bottles, and then it will be when people will find symptoms, and buy the dope.

Want Room?

The Ledger has a headline which says, "Give Birmingham Room to Grow."

Who is complaining that Birmingham is cramped?

According to some of the neighbors, Bessemer, for instance, we thought that Birmingham had so much room till it was lapping over onto towns as far away as Tuscaloosa.

It seemed to have anticipated this need of room, some months ago, when the Greater Birmingham movement spread its boundaries for uncounted miles.

As One Man

Two thousand Butler county voters have risen up as one man and said they wanted no dispensary. They will ask the legislature to pay no attention to rumors to the contrary. For they are serious about it, even if they do live where J. Lee Long does.

Some weeks ago, a proposed dispensary bill was advertised for

Normal Resume

The house of Saxon-Heard-Williams Co., resume normal conditions Monday. From what we are told—we feel sure our January clearance Sale was the most satisfactory sale ever held in Dothan. We certainly sold worlds of goods, cleaned out most of our winter stock, and we are now ready for spring business.

Again we adopt our liberal store policy of exchanging goods, refunding money, and will gladly charge it to you. If you happen to be one of the few, that felt our "sale's" rules were too serve, we beg you to be liberal enough to remember 'twas only a rule made to hold only during this sale and was absolutely necessary for a successful sale. New goods will be opened every day during the coming week.

Dry Ridge, Ky.—"I could hardly walk across the room," says Mrs. Lydia Powell, of Dry Ridge. "before I tried Cardui. I was so poorly, I was almost dead. Now, I can walk four miles and do my work with much more ease. I praise Cardui for my wonderful cure. Cardui is successful in benefiting sick women, because it is composed of ingredients that act specifically on the womanly constitution, relieving headache, backache, irregularity, misery and distress. Only a good medicine could show such continual increase in popularity as Cardui has, for the past 50 years. Try Cardui, the woman's tonic." 13
